Organize first Monday in April.

Members of Select Council elected in February, meet at 402, City Hall, at 10 o'clock, A.M., on the first Monday in April succeeding their election, to organize.

Chief Clerk acts in case of retirement of President.

In case of the retirement of the President the Chief Clerk organizes the Chamber.

When the time arrives for organization, the President or Chief Clerk says:

"This being the day appointed by law for the meeting of Council, and there being present a sufficient number of gentlemen elected members, together with those holding over to constitute a quorum, the Chamber will come to order."

Calling roll and oath.

The Chief Clerk calls the roll of the members holding over, then the credentials of members elect, commencing at *First Ward*, are received and read. When they are all read, the members elect appear before the President's desk and the oath of office is administered to them by a Judge of the Courts or some one qualified to administer oaths.

OATH OF OFFICE.

"*I do solemnly swear (or affirm) that I will support, obey and defend the Constitution of the United States and the Constitution of this Commonwealth, and that I will discharge the duties of my office with fidelity: that I have not paid or contributed, or promised to pay or contribute, either directly or indirectly, any money or other valuable thing to procure my nomination or election, except for necessary and proper expenses expressly authorized by law; that I have not, knowingly, violated any election law of this Commonwealth, or procured it to be done by others in my behalf; that I will not, knowingly, receive, directly or indirectly, any money or other valuable thing for the performance or non-performance of any act or duty pertaining to my office, other than the compensation allowed by law.*"

When this is finished, each member affixes his signature to the above oath, which has been written in a book kept for that purpose, as a record of Council. The Chief Clerk then calls the roll of members alphabetically.

Election of President.

Some member moves that Council proceed to nominate and elect a President for the ensuing year. If there should be a contest two tellers are appointed by the President (or Chief Clerk) to conduct the election. When the election is finished, the President (or Chief Clerk) announces the result, and declares the proper party elected, who is immediately sworn in by his competitor, or (if none) by the oldest member of the opposite party.

Election of Clerks, etc.

Some member moves that Council proceed to nominate and elect a Chief Clerk, Assistant Clerk, and Sergeant-at-Arms for the ensuing year. In case of a contest two tellers are appointed by the President (or Chief Clerk) to conduct the election. When the election is finished, the President declares the proper

parties elected, who are immediately sworn in by the President, and enter immediately on duty.

Fully Organized.

When this is gone through with, the Council is fully organized, and ready to transact business.

Prayer, etc.

Before transacting any business it is usual to invite a clergyman to open the proceedings of Council with prayer.

DRAWING FOR SEATS.

Members now draw lots for choice of seats, which is done as follows: Slips, containing the names of members are prepared by the Chief Clerk and placed separately in a box, from which they are drawn by the President.

Members select their seats as their names are announced.

A naturalized citizen must produce his naturalization papers unless he has been for five consecutive years a voter in division.

There are 971 Election Divisions in the City.

General Elections on Tuesday next following first Monday in November, in each year.

Elections for City. Ward, Borrough and Township Officers on the third Tuesday in February of each year.

The holding of elections at *the place* fixed by law is mandatory, and cannot properly be omitted.

In case of destruction of a designated building on eve of an election, or the refusal of the occupant of the premises designated to permit the election officers to occupy them for the purpose of holding an election, the election can be held at the nearest convenient place to the election division, as a matter of necessity; but, in all cases, the necessity must be absolute, disregarding all mere ideas of convenience.

District Election Boards shall consist of one Judge (from the majority party in the division) and two Inspectors, one from the majority, and one from the minority party, each Inspector to appoint one Clerk; the Judge receives fifteen dollars, and the Inspectors and Clerks five dollars each.

To entitle a person to vote, he shall have resided in the division 2 months before the election. Any person who shall have moved from one division to another within sixty days shall not be entitled to vote in either.

Residence is a question of intention, but to constitute a change of residence, some act must be done in pursuance to the intention.

To entitle a person to vote, he shall have paid a State or County tax within two years, which was assessed 61 days and paid at least one month before the election. If he has lost his receipt, he may make affidavit of the fact.

The presentation of a tax receipt is good evidence of the payment of the tax.

A tax on real estate or on personal property, entitles to vote, without a poll tax.

A mercantile, liquor or peddler's tax does not give the right to vote.

No person can be an Election Officer who holds, or for two months prior to the election has held, any office, appointment, or employment in or under the

United States, or of this State, or of any municipal board, commission, or trust in any city, save only Justices of the Peace, Aldermen, Notaries Public, and persons in the military service of the State; nor shall any Election Officer be eligible to any civil office to be filled at an election at which he shall serve, save only to such subordinate, municipal or local office below the grade of city or county officer. An assessor cannot act as an Election Officer.

FAIRMOUNT PARK.

NOTE.—Hunting Park, 43 acres (not included).

The nucleus of Fairmount Park was the acquirement by the City of five acres of Morris' Hill at Twenty-fifth and Spring Garden streets, in June, 1812, for water works and park purposes. In 1828, by additional purchases of land, the Park contained twenty-eight acres. Subsequently the Lemon Hill estate was purchased in 1865, and was dedicated as Fairmount Park. In 1867 intervening ground was taken by the City. About the same time one hundred and forty acres of land, on the west side of the Schuylkill river, known as Lansdowne, above Girard avenue, at one time the country seat of Governor John Penn, was purchased. Within its boundaries were the colonial residences known as "Eaglesfield," "Sweet Briar," "Lansdowne," and "Solitude." Solitude is now occupied by the Zoological Gardens. In 1868, George's Hill, containing eighty-three acres, was presented to the City by Jesse and Rebecca George. Other lands on the east and west side of the river, and on both sides of the Wissahickon creek, up to what is known as "Indian Rock," were acquired by purchase and incorporated into the Park limits.

The Parks are connected at Girard avenue by a bridge of iron, which was opened for travel July 4, 1894. The house of William Penn, erected on Letitia street, near Front and Market streets, stands close to the western end of Girard avenue bridge, having been removed within a few years and re-erected at the point mentioned.

Belmont Mansion, in West Park, was erected about 1745. It was formerly the home of Richard Peters, a representative in Congress and Judge of the United States Courts. Washington, Franklin, Rittenhouse, Robert Morris, Jefferson and Lafayette were frequent visitors to the home of Mr. Peters. On the East Park drive is "Mt. Pleasant," the former residence of Benedict Arnold, built in 1762; and west of Mt. Pleasant is "Rockland," built in 1810. North of Mt. Pleasant is "Ormiston," a country seat built prior to the Revolution, and near it is "Edgely," the original Laurel Hill.

Strawberry Mansion was formerly the country seat of Judge Hemphill.

The Wissahickon Drive, along the creek of that name, is full of traditonal spots. "Hermit's Lane" "Hermit's Glen," "Hermit's Well," "Lover's Leap," "Washington's Rock," "Devil's Pool" and "Indian Rock," all having their stories and legendary romance.

Appointment of Clerks, etc.

Heads of departments appoint subordinates; may remove or suspend them, giving reasons in writing. Removals for political cause prohibited; head of department appoints successors, subject to confirmation by Select Council; appointments to be made under competitive examination. Personal solicitation forbidden, and will disqualify the person who solicits an office from competing for one year.

Divorcing Public Employes from Politics.

No officer of any department, trust, etc., employe of any contractor under any such department, trust, etc., shall be a member of or delegate to any political convention; nor shall he be present at any such convention except in the performance of duty relating to his position as such officer or employe; any violation shall work forfeiture of position; the department shall dismiss him, and enter on record cause of dismissal.

No officer or employe shall receive any present, fee, gift, or emolument for official services other than his salary, except by written consent of Director of Departments, otherwise he shall be dismissed from the service.

Impeachment of Public Officers.

Public officers for corrupt acts, practices, malfeasance, mismanagement, mental incapacity, etc., may be impeached on complaint of twelve citizens and affidavits of five to Court of Common Pleas. If reasonable ground is shown, Court grants a rule on accused to answer; Court may then appoint a committee of five citizens to investigate and report; if charges are sustained, the matter is certified to Select Council, which sets as Court of Impeachment and tries case; pending investigation Court may suspend accused from office.

All moneys due City to be paid to Receiver of Taxes.

SOME FACTS ABOUT PHILADELPHIA.

Philadelphia was founded in 1681 by William Penn, chartered in 1787, and consolidated in 1854.

The City, as laid out by Penn, was 2 miles wide from the Delaware to the Schuylkill, and 1 mile wide north and south, from Vine to South. Its population in 1890 was 1,046,964, and is now, 1897, over, 1,250,000. It is the largest manufacturing city in the world, its annual productions of all kinds being over $600,000,000 and has a foreign trade of over $100,000,000. It produces 9-10th of all the carpets made in this country and more than are made in Great Britain. Its area is now 129½ square miles being 22 miles long and from 5 to 10 miles in width. On the city plan there are 2,000 miles of streets and over 1,000 miles opened.

Broad Street is 113 feet wide, 20¼ miles long and 12 miles opened, and is the longest continuous street in the world. Market Street, 100 feet wide and 6 miles long.

The Delaware River water front has 19 miles of deep water.

The Schuylkill has on both sides 14-6 miles of water front from 18 to 28 feet deep, and has 18 bridges in the city limits.

Fairmount Water Works were opened in 1822; the grounds about these works were the beginning of the large park.

Fairmount Park contains nearly 3,000 acres, is the largest pleasure ground in the world, and is unrivaled in the beauty and variety of its natural scenery.

The First Brick House built in Philadelphia was on Letitia street, and occupied by William Penn in 1682-83. It was torn down some years ago and rebuilt at Lansdowne drive, west of Girard avenue bridge.

THE ZOOLOGICAL GARDENS cover 33 acres of ground leased from the Park Commissioners. It has the finest collection of animals in America.

LEAGUE ISLAND NAVY YARD is 4 miles from City Hall. League Island is 2¼ miles long by ¼ to ½ mile wide. It has 26 feet of water in the channel. It covers 923 acres, and was given to the Government by the city in 1876.

INDEPENDENCE HALL was built for the use of the State, and finished in 1735. Here the Declaration of Independence was adopted, July 4th, 1776, and in 1787 the Constitution of the United States was drafted and adopted. Recently it has been restored to its original condition.

CARPENTERS' HALL was built in 1770 for the use of the house carpenters of the City, and is now occupied by the Carpenters' Society, and in it the first Congress assembled in September, 1774.

The first MINT was built in 1792, on Seventh street, above Market and was removed to its present location on north side of Chestnut street, below Broad, in 1833. All minor coins, devices and dies for coins are made here. A new Mint, the largest in the world, is to be erected on the lot bounded by Sixteenth, Seventeenth, Spring Garden and Buttonwood streets.

CHRIST CHURCH, Second above Market, was built in 1727-31, and the steeple was finished in 1753. It contains a chime of 8 bells brought from London 1754. The communion plate was presented by Queen Anne, in 1708, and bears the royal arms. Whitfield preached here, and Washington and Franklin worshipped in the church edifice.

ST. GEORGE M. E. CHURCH, on North Fourth street, above Race, was built by a German Reformed Society and sold to the Methodists, in 1768. At one time it was occupied by the British for hospital and stable purposes.

CITY HALL is the largest building in America, being 486½ feet north and south by 470 feet east and west, and covers 4½ acres, exclusive of court-yard, 200 feet square. Avenue on the north is 205 feet wide and other three sides 135 feet. Has 683 rooms used by the City and the various Courts of the County and the Supreme Court. Tower is 547½ feet high, including statue of Penn 36 feet high.

PHILADELPHIA BOURSE, between Fourth and Fifth streets, is 362 feet by 130 feet, and 10 stories high. It is fire-proof, and cost, with ground, over $2,000,000. It is a commodious and magnificent structure, and the only "*Bourse*" in the United States, and is the largest and finest Bourse building in the world.

INDEPENDENCE HALL.

Independence Hall is a three story brick structure on Chestnut street, between Fifth and Sixth. The foundation was laid in 1732, and building completed in 1741. It was formerly the "State House," was used for the legislative sessions of the Colonial Assembly of Congress, from 1775 to 1800, and by the State Legislature until the removal of the capital to Harrisburg, in 1804. The Declaration of Independence was promulgated from Independence Hall, on July 4th, 1776. The old Liberty Bell is on exhibition in the main hall.

The second story rooms, from the City's consolidation, in 1854, until March 7th, 1895, were occupied by the Select and Common Councils. Since then they have been restored to their original condition and are now occupied by the "Daughters of the Revolution." The rooms on the lower floor are filled with portraits, furniture and other matters of Revolutionary days.

The tower contains a clock and bell presented to the City by Henry Seybert in 1876. The bell which was placed in the tower after the removal of the "Old Liberty Bell" is at Germantown Hall.

If, however, an amendment or amendments are agreed to, the report is to be so made, and action must be had on them. When less than a quorum vote on any subject under consideration, it shall be the duty of the President forthwith to order the doors of the Chamber to be closed, and that the roll of the members be called by the Clerk.
